

Dear Member,

As you will have seen over the last months there have been major developments at Usk Tennis Club as we strive to offer ever improving facilities to the membership of Wales' 5th largest club.

The 2 additional courts have now been completed and the LTA standard floodlighting is only a few weeks away from being available on all of the 5 courts.

Car parking provision has also been increased for the convenience of all members.

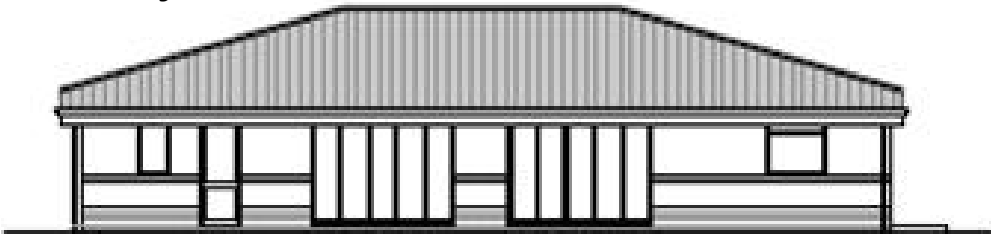

Your hardworking committee have now turned our attention to the Clubhouse. For many years we have been asked to see if this area could be made more user friendly and reflective of today's day to day usage. With this in mind substantial building works, much of which have been undertaken by the members themselves have been begun to open up the clubhouse and give the club social provision all year around.

The building works have been funded by monies already raised from many events but the final stage of the development requires some further assistance from you the members to finish the job properly.

We have had overwhelming requests for panoramic windows to overlook the courts so that parents can watch their children during coaching and the many adult members can also enjoy a sporting vision.

We recognise that the time to do this is now whilst such building disruption is taking place but at a cost of £4000.00 funds have not been raised to facilitate these windows at this stage.

Several members have already made donations to this cause and we are now asking you as members to come forward and donate to your Club. All of the donors will have their generosity recorded on an Honours Board which will run over the top of the patio doors and will be a permanent acknowledgement of their personal contribution to the club in our hour of need.

A Room With A View

Be truly part of the vision!

For each donation of £100.00 the donor will be invited to add their name or business to the Honours Board above the Patio Windows this will remain in place for perpetuity and will be seen by generations to come as they enjoy the view from the comfort of the clubhouse

As you can imagine time is of the essence with this project, please do not discard this, we really do need your help!

You will have seen on the fundraising thermometer that the fund is only at £1000.00 and your assistance is essential to complete this phase of the re-development.

We all dream of winning titles and seeing our own names up on a Role Of Honour board. Although there is no cup to go with it this is an opportunity to leave a lasting mark at the club forever.

Please complete the form on the reverse and return it with your cheque to;

Jennie Parsons, The Well House, Llantrisant, Usk, Monmouthshire NP15 1LG

I look forward to receiving your continued support.

Alex Brown - Chairman
